

HT-SB600

Overview

Complete your home entertainment experience with this sleek and powerful sound bar home theater system. The HT-SB600 sound bar home theater system features 3D compatibility (via HDMI® v1.4), an AM/FM tuner, and can also be turned into your entertainment hub by connecting multiple (up to 3) devices using a single HDMI® cable per device. Then connect everything to your HDTV with just one HDMI® cable. Perfect for any environment, this 3.1 Channel Sound Bar System features built-in Dolby® Digital, Dolby Virtual Speaker, Dolby Pro Logic® II and DTS® Digital Surround.

Features

- ▶ Total Output Power: RMS 400W (100W x 3 + 100W Subwoofer)
- ▶ Supports 3D Video Format through HDMI® (v. 1.4)
- ▶ Simple Connection Through HDMI® (v. 1.4) (Audio Return Channel) - No need for extra cables connected to your display. Audio Return Channel (ARC) allows audio to be sent from your display to your receiver through the same HDMI® cable already being used to send audio and video to your display.
- ▶ HDMI® Repeater - Switch through HDMI® inputs. Connect multiple (up to 3) devices with HDMI® cables, easily switch between them, then connect everything to your display with just one HDMI® cable.
- ▶ Easy Set-up - One bar Front L/R + Center Speakers, Amplifier and Subwoofer.
